DIGITAL SKILLS FOR WORK

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

It is estimated that 11.3 million adults in the UK do not have basic digital skills. Latest figures predict that within the next 20 years, 90% of all jobs will need some form of digital knowledge. This qualification enhances your competency in digital literacy skills, supporting you within your current job role or giving the opportunity for progression into a role where digital skills are required.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Online only qualification
- Improve your digital skills

What you will learn

- Understand how to protect devices and data
- Communicate socially and professionally using technology
- Apply digital skills in personal and business situations
- Use digital resources to facilitate their own career progression.

UNDERSTANDING SAFE HANDLING OF MEDICATION

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Modern medicines are powerful substances which have beneficial effects for millions of people worldwide. However, inappropriate use or handling of these substances can have severe consequences, including death. Having good up-to-date knowledge of the safe handling of medicines is essential for anyone working with medication.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency in handling medication to employers
- Further your personal and professional development
- Create better preventative care by identifying how to maintain stock and record, store and dispose of medication appropriately
- Learn at a time that suits you without the need to attend college

What you will learn

- Understand Medication and Prescriptions
- Supply, Storage and Disposal of Medication
- Understand the Requirements for the Safe Administrations of Medication
- Record-keeping and Audit Processes for Medication

UNDERSTANDING BEHAVIOUR THAT CHALLENGES

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Challenging behaviour is causing increasing concern today as many individuals have increasing levels of stress and uncertainty in their lives. This behaviour can be due to factors such as anxiety, neglect, abuse, learning disabilities and conditions like dementia. Understanding the causes of challenging behaviour is the first step towards finding ways to support individuals and manage their behaviour.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Improve your understanding of the reasons why individuals display behaviour that challenges and its impact
- Further your personal and professional development
- Be able to support individuals effectively
- Learn at a time that suits you without the need to attend college

What you will learn

- Understand Behaviour That Challenges
- Understand How to Support Positive Behaviour
- Understand the Importance of Effective Communication and the Management of Behaviour That Challenges
- Understand the Role of Reflection and Support for Those Involved in Incidents of Behaviour that Challenges

UNDERSTANDING AUTISM

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Autism is a spectrum condition that affects how a person communicates with others and how they interpret the world around them. There are around 700,000 people in the UK with autism – more than 1 in every 100. Having a clear understanding of the misconceptions, diagnoses and support surrounding autism are just some of the essential skills needed when working in mental health.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Improve your understanding of theories relating to autism
- Further your personal and professional development
- Ensure you understand what is meant by autism and how it is diagnosed
- Learn at a time that suits you without the need to attend college

What you will learn

- Introduction to Autism
- Using a Person-Centred Approach to Support Individuals with Autism
- Communication and Social Interaction in Individuals with Autism
- Sensory Processing, Perception and Cognition in Individuals with Autism
- Supporting Positive Behaviour in Individuals with Autism
- Supporting Individuals with Autism to Live Healthy and Fulfilled Lives

END OF LIFE CARE

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

By 2040, the number of people aged over 64 in Britain is expected to grow from 9.5 million to 15 million. The population is aging, meaning more people will live with serious chronic illness and need end of life care. The problems faced and support needed by people nearing the end of life is wide-ranging and a good understanding of pain management, support and quality of life is essential for all carers.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Ensure you can manage pain and discomfort
- Ensure that you understand care planning in end of life care
- Learn at a time that suits you without the need to attend college

What you will learn

- Understand How To Work in End of Life Care
- Care Planning in End of Life Care
- Understand How to Provide Support to Manage Pain and Discomfort
- End of Life Care and Dementia
- Understanding the Role of the Care Worker in Time of Death
- Understand Loss and Grief in End of Life Care

CARE PLANNING

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Care workers play a key role in ensuring their residents/patients are treated with a friendly and caring approach. Care workers have the ability to relate to people from a variety of backgrounds. After an investigation from the Care Quality Commission revealed that 424 out of 1,357 services in England are rated 'inadequate', the need for high quality trained care workers has never been greater.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Ensure you understand the principles and practice of person-centred thinking, planning and reviews

What you will learn

- Understanding Person-Centred Thinking and Planning
- Care Planning for the Care Worker
- Understanding Nutrition and Hydration in Health and Social Care Settings
- Principles of Supporting an Individual to Maintain Personal Hygiene
- Understanding Continence Care
- Principles of Supporting Sleep

DIGNITY AND SAFEGUARDING IN ADULT HEALTH AND SOCIAL CARE

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

A total of 103,900 safeguarding reports about vulnerable adults were referred in 2014/2015. The responsibilities of care workers involved in protecting the health, well-being and human rights of individuals are far-reaching. Allowing individuals to live free from harm, abuse and neglect can often mean involving health agencies, government departments or the police. Understanding the fundamentals of safeguarding is essential for anyone working in adult health and social care.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Relevant to a wide range of care settings
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college

What you will learn

- Understand Safeguarding in Adult Health and Social Care
- Principles of Dignity in Adult Health and Social Care Practice
- Understand Duty of Care in Adult Health and Social Care
- Understand Dilemmas and Public Concerns in Adult Health and Social Care

UNDERSTANDING THE CARE AND MANAGEMENT OF DIABETES

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

There is an emerging global epidemic of diabetes. In the UK alone, 3.2 million people are diagnosed with the disease and an estimated 630,000 people have the condition but don't know it. It is believed that deaths from diabetes will rise by more than 50% in the next ten years. Simple lifestyle measures can be effective in preventing or delaying the onset of this chronic, debilitating and often deadly disease.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Improve your understanding of the various forms and causes of diabetes
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Create better preventative care by being able to identify early signs of diabetes

What you will learn

- Understand Diabetes
- Prevention and Early Intervention of Type 2 Diabetes
- Understand the Initial Care of Diabetes
- Understand the Treatment and Management of Diabetes

WORKING WITH INDIVIDUALS WITH LEARNING DISABILITIES

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Around 1.5 million people in the UK have a learning disability. Owing to the fact that they are likely to find it more difficult than others to describe their symptoms, a good knowledge of legislation and the healthcare system, as well as an understanding of signs and symptoms of various conditions, is essential for anyone working with individuals with learning disabilities.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Improve your understanding of the term 'learning disability'
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Understand the importance of safeguarding individuals from abuse and the importance of a person-centred approach to risk-taking

What you will learn

- Understanding the Context of Supporting Individuals with Learning Disabilities
- Principles of Safeguarding and Protection in Health and Social Care
- Introduction to Personalisation in Social Care
- Principles of Positive Risk-Taking for Individuals with Disabilities
- Introductory Awareness of Autistic Spectrum Conditions
- Principles of Supporting Individuals with a Learning Disability to Access Healthcare

RETAIL OPERATIONS

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

The retail industry is subject to a number of pressures. These include changes in shopping habits and the recent economic downturn which reduced consumer spending. However, as consumer confidence begins to grow, it is important that retail support staff are fully trained and equipped to represent your business and to meet the needs of your customers. As removing staff from the 'shop floor' applies pressure to rotas, this training can be carried out in the learner's own time via our tried and tested flexible learning approach.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Improve your handling of customer payments
- Improve how you deal with customer queries and complaints
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college

What you will learn

- Understanding Customer Service in the Retail Sector
- Understanding the Retail Selling Process
- Understanding How Individuals and Teams Contribute to the Effectiveness of a Retail Business
- Understanding How a Retail Business Maintains Health and Safety on its Premises
- Understanding Retail Consumer Law
- Understand How to Deal with Customer Queries and Complaints in a Retail Environment

CARING FOR CHILDREN AND YOUNG PEOPLE

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

All children and young people deserve to be safe and well cared for within a safe and protective family. However, unfortunately this is not always the case. With over 50,000 children identified as needing protection from abuse in the UK, it is important that those working in the care sector understand the risks of abusive and exploitative behaviour that some children experience. Knowing what strategies are used to protect them from this behaviour, whilst following procedures, is essential to helping those affected.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Improve your understanding of the importance of correctly responding to evidence or concerns that a child or young person has been abused, harmed or bullied

UNDERSTANDING DATA PROTECTION AND DATA SECURITY

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Data protection compliance is an essential legal requirement for all organisations. Since the General Data Protection Regulation (GDPR) came into force in May 2018, it is more vital than ever that everyone who works with personal data understands the laws and acts in compliance, as the penalties can be severe.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Improve your knowledge of data protection and the importance of keeping data secure
- Further your professional development with skills that are vital for anyone who handles data
- Learn at a time that suits you, without the need to attend college

What you will learn

- Current data protection legislation, and how it is applied
- Organisational procedures concerning data
- Possible threats to ICT systems and data, and how to protect against them
- Consequences of not protecting data, and the impact of possible breaches.

PRINCIPLES OF DEMENTIA CARE

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Dementia affects around 820,000 people in the UK. This figure is likely to rise to one million by 2025 and two million by 2051. It is one of the main causes of disability in later life and with research being desperately underfunded, it costs the UK over £26 billion a year. Understanding dementia and the person-centred care that is required is fundamental to high quality care.

Benefits

Achieve a nationally recognised Level 2 qualification

Improve your understanding of the various forms of dementia and the importance of being respectful at all times

Further your personal and professional development

What you will learn

Dementia Awareness

The Person-Centred Approach to the Care and Support of Individuals with Dementia

Understand the Factors That Can Influence Communication and Interaction with Individuals who have Dementia

Understand Equality, Diversity and Inclusion in Dementia Care

Understand the Administration of Medication to Individuals with Dementia Using a Person-Centred Approach

Understand Behaviour in the Context of Dementia

Understand the Benefits of Engaging in Activities in Social Care

UNDERSTANDING WORKPLACE VIOLENCE & HARASSMENT

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Workplace violence and Harassment can have huge consequences for employers, employees and the work environment. The Trades Union Congress (TUC) estimates that 29% of people have been bullied at work, and more than 1 in 3 people who report being bullied leave their job because of it. Understanding about effective communication and ways to reduce conflict in the workplace will help to create a more positive working environment, benefiting both employers and employees, and improving job satisfaction, health and well-being, and productivity.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Further your professional development
- Learn at a time that suits you, without the need to attend college

What you will learn

- How to contribute to a positive and safe working environment
- How to reduce and effectively deal with violence in the workplace
- Understanding aggression, bullying and harassment in the workplace and how it can be prevented
- Understanding equality, diversity and inclusion in the workplace and the benefits to individuals and organisations

CREATING A BUSINESS START-UP

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Over half a million businesses are started every year; however, 30% of these fail within the first two years. Having a better understanding of the initial processes and requirements of a business start-up can increase the chances of your business succeeding. If you're looking to start your own business, or already have a business but want to develop and progress your business plan, this qualification will support you with the skills and knowledge you need.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Further your professional development
- Learn at a time that suits you, without the need to attend college

What you will learn

- Initial steps for a business start-up
- Marketing for a business start-up
- Legal and financial considerations when starting a business
- How to develop a business plan

UNDERSTANDING BUSINESS IMPROVEMENT TECHNIQUES

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Improving business performance is vital for any business. Making improvements that are more efficient - such as saving on time or costs - can have huge benefits to an organisation, particularly in competitive business environments. This qualification aims to build knowledge on the study of business improvement techniques, including workplace organisation, building effective teams and managing working relationships. It will also teach the importance of improving processes and procedures using visual management systems and flow process analysis.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Further your professional development
- Learn at a time that suits you, without the need to attend college

What you will learn

- Safe and effective team working
- Principles and techniques that support workplace organisation
- An understanding of continuous improvement techniques (Kaizen) and their application in the workplace
- How to use visual management systems
- Problem-solving techniques
- How to carry out flow process analysis

MENTAL HEALTH FIRST AID & MENTAL HEALTH ADVOCACY IN THE WORKPLACE

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Around 450 million people currently experience mental health problems, with recent reports suggesting that over 12 million working days were lost due to work-related stress, depression or anxiety in just one year. It's important that employers are transparent and open about mental health issues, and this qualification builds an understanding of mental health problems and the support available to colleagues. Increasing the understanding of mental health of staff at all levels builds a culture of care and support.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Increase your understanding of mental health and how to support people in the workplace

What you will learn

- Exploring mental health
- Understand how to support individuals with mental ill health
- Understand a mentally healthy environment

UNDERSTANDING TECHNOLOGY ENABLED CARE

Aged 19+ at the start
of the Academic Year

Lived in the EU
for 3 years

Available
fully funded

In this fast-moving world, technology plays a huge part in daily life, and the care sector is no different. Technology Enabled Care (TEC) is playing an increasing role in health and social care, with over 1.7 million vulnerable people relying on TEC to support independence in their own homes. This qualification gives learners an understanding of the positive impact technology can have on individuals and the improvements it can make to quality of life.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Further your professional development
- Learn at a time that suits you, without the need to attend college

What you will learn

- Introduction to technology enabled care that can be used to help support an individual's quality of life
- Understanding a person-centred approach to technology enabled care that can support independence, health and well-being
- Understanding roles and responsibilities in relation to technology enabled care
- Introduction to legislation, safeguarding and regulatory requirements relating to technology enabled care

UNDERSTANDING PERSONAL CARE NEEDS

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

As we see an increasingly ageing population, the number of adults needing around-the-clock care is on the rise. As well as the need for medical care, there is also a need for high levels of personal care to allow those who need support to live as comfortably as possible. This qualification focuses on developing a person-centred approach to delivering high levels of personal care.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Improve quality of life for those who need care

What you will learn

- Understanding person-centred care
- Supporting personal hygiene
- Understanding foot care for individuals
- Understanding how to support individuals to maintain oral health
- Understanding pressure area care
- Understanding sepsis

NCFE LEVEL 2 UNDERSTANDING CLIMATE CHANGE & ENVIRONMENTAL AWARENESS

Aged 19+ at the beginning
of the academic year

Lived in the EU
for 3 years

Available
fully funded

Sustainability is quickly becoming a high priority for many businesses. Making moves towards becoming a 'greener' organisation can also provide cost saving initiatives, such as reducing waste or saving energy. This qualification covers the nature of climate change and the role that individuals, businesses and other organisations play in helping to reduce carbon emissions. This course gives the knowledge and understanding for individuals to act as drivers of positive change within the workplace and at home.

Benefits

- Achieve a nationally recognised Level 2 qualification
- Evidence your competency to employers
- Further your personal and professional development
- Learn at a time that suits you without the need to attend college
- Increase your understanding of environmental awareness and act as a champion in the workplace

What you will learn

- Understand climate change, sustainability and environmental protection
- Understand industry and the environment
- Understand resource efficiency and waste management
